

PROJECT SHOWCASE

MULTIFAMILY HOUSING

THE POINTE AT VALLEY RANCH TOWN CENTER

SOMETHING FOR EVERYONE AT THE LAKESIDE APARTMENTS

The Woodlands-based developer The Signorelli Company finished its Class A multifamily community in the New Caney community northeast of Houston. The apartment development is in the heart of the amenity-rich Valley Ranch Town Center, among those being a fitness center with Precor cardio and custom Vitality Series strength equipment. To round out the exercise experience, Multi-Family VP Reed Wynne selected a personalized Torque functional fitness frame.
